

## **Lot 44 Closed Nov. 19-20**

Lot 44 will be closed this weekend and cars must be moved out of it by 7 a.m. on Saturday, Nov. 19. This is to allow for the start of the Donald W. Reynolds Razorback Stadium expansion project. The lot will be closed temporarily to allow the contractor to move in and set up fences and equipment.

Lot 44 will be re-opened to faculty/staff and reserved parking on at 7 a.m. Monday, Nov. 21. Students will no longer be able to park in Lot 44 weekdays before 5 p.m. After the lot re-opens on Nov. 21, students will be allowed to park in the lot after 5 p.m. weekdays and anytime on Saturdays and Sundays.

The Athletics Department has worked with Transit and Parking for more than two years to reduce the impact of the project on students. Razorback Athletics invested more than \$4.2 million in the past three years to develop additional parking for students along Razorback Road, creating approximately 835 newly surfaced parking spots.

Students who parked in Lot 44 can now park in the student parking lots 74, 74A, 74B, 74C and 74D, on the west side of Razorback Rd, west of the outdoor track. These lots are located near Transit bus stops for students' convenience.

Lots 74, 74A and 74B must be vacated for home men's basketball games.

All vehicles left in the fenced-in south portion of lot 44 after 7 a.m. Monday morning, Nov. 21, will be cited and relocated at the owner's expense. All student vehicles remaining in lot 44 after 7 a.m. Monday morning, Nov. 21, will also be cited and relocated at the owner's expense. All parking in Lot 44 will be designated as Faculty/Staff, except for the Reserved section in the northeast corner of the lot that will remain Reserved.

During the expansion of Donald W. Reynolds Razorback Stadium, a fence will be erected around the project site, and heavy construction equipment will be in the area. Drivers and pedestrians should exercise caution in all construction zones.
