Note: If you want to purchase a Resident Reserved or Garage permit, you must first be approved before a purchase can be made. If you are interested in a garage permit, please submit the online Parking Garage Application. Your name will be put on a waiting list, and you will receive an email when one becomes available. If you indicated you were interested in Resident Reserved on your housing application, you will receive an email if one becomes available. We recommend that you purchase a Student permit if you have not been confirmed for a Resident Reserved or Garage permit by move-in.
